

# SECURITY MADE MOBILE.

WHETHER YOU HAVE WI-FI OR NOT, TAKE YOUR SECURITY ANYWHERE WITH LTE\*, OR WI-FI WHEN YOU'RE CLOSER TO HOME.

Stay secure with the Arlo Go 2, offering mobile protection anywhere via LTE1 or Wi-Fi. With wire-free setup, a rechargeable battery, and 1080p HD video, it's ready to go. See at night with color night vision and a spotlight, and store footage locally on a microSD card. AI alerts provide fast, personalized notifications, while GPS tracking and 2-way audio offer added convenience. All-weather protection and a built-in siren make it the ultimate security solution.

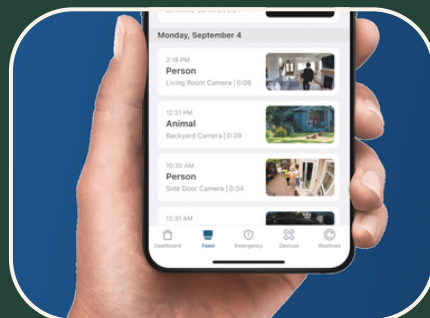

\*Arlo Go 2 works anywhere nationwide with 4G LTE coverage; requires a mobile plan before use.
