Reseller

Authorized
Service Provider

Advantage Student includes seven essential services designed to keep your Mac secure, supported, and ready for school.

1. New System Setup or Data Migration

Start your new Mac the right way.

Our technicians will set up your new Mac so it's ready to use. If you're moving from an existing Mac, we can also transfer your files, apps, and settings.

Key Features

- New system setup **included**
- Data migration from a working Mac **50% off normal price**
- Personalized configuration and setup

Get your new Mac configured properly from the start—and save time by having your data transferred professionally if needed.

2. Mac Tune-Ups

Keep your Mac running at its best.

Regular tune-ups help keep your system clean, updated, and performing the way it should throughout your time in school.

Key Features

- Up to 4 tune-ups per year (by appointment)
- System cleanup and performance checks
- Software and security updates
- Malware removal

Stay ahead of problems and keep your Mac running smoothly for **up to four years—or as long as you're in school.**

3. System Error Alerts (Check Engine Light for Your Mac)

A Check Engine Light for Your Mac — we often know about problems before you do.

Your Mac reports important system warnings to MacMan technicians, allowing us to identify potential

problems early and help prevent unexpected downtime.

Key Alerts Include

- Hardware pre-failure warnings
- Hardware failures
- Malware alerts
- Low storage capacity warnings
- Laptop battery health status

Proactive monitoring helps keep your Mac reliable, protected, and running smoothly—so issues can be addressed before they disrupt your work or studies.

4. SOS Phone & Remote Support

Powered by AnyDesk

Get fast help without leaving home.

MacMan technicians can securely connect to your computer to diagnose issues, troubleshoot problems, and guide you through solutions in real time.

Key Benefits

- **Fast fixes** – many problems solved in minutes
- **Anywhere support** – dorm, home, or on the go
- **Secure connection** – encrypted and approved by you

5. Cybersecurity Protection (Powered by Malwarebytes Premium)

A Security Shield for Your Mac – detecting and stopping threats before they cause damage.

Advanced cybersecurity protection helps safeguard your computer from malware, ransomware, and other online threats. Powered by Malwarebytes Premium, the system continuously scans for suspicious activity and blocks threats before they can impact your device or data.

Protection Includes

- Real-time malware protection
- Threat detection and removal
- Continuous background monitoring

Helps keep your Mac secure, your personal information protected, and your system running safely without interruptions. Malware protection renews during your annual tune-up visit.

6 Laser Engraving

Make your device uniquely yours.

Add custom laser engraving to your Mac, for a personalized look or meaningful design.

Key Features

- Custom artwork or designs
- Names, logos, or text
- Precision laser engraving

Create a unique, permanent design that reflects your style while adding identification that helps prevent loss or mix-ups.

7. In-Store Support

Priority service when you need hands-on help.

When your Mac needs in-store attention, Advantage members receive priority status so issues can be evaluated and resolved as quickly as possible by MacMan technicians.

Support Includes

- Priority service status in our repair queue
- No-cost diagnostics and repair evaluations
- Expedited repairs when service is required, with **\$50 flat-rate labor for out-of-warranty repairs (parts additional)**

Priority service and simplified flat-rate repair labor help reduce repair costs and get your Mac back in your hands faster.

The MacMan Advantage

When students buy a Mac from Apple or a big box store, they get the computer.

When they buy from MacMan, they get the computer plus services, savings, and real support to help them succeed throughout school.

We've got you covered.
